💼 Professional Experience

Full stack web3 developer, *Lords of the Lands | Metaverse* ⧉   Feb 2022 – present
I used to developer Smart contract for metaverse Land NFT   Delhi, India
Backend dev - where I am responsible for build highly scaleable
insfrastructure

Co-founder, *Self* ⧉   Dec 2020 – Sep 2021
We Build the Gym management software, which is cheaper and faster   Remote
then existing solution

Software engineer, *MediaTech Temple* ⧉   Jan 2021 – Apr 2021
I used to work as a python developer where I build projects for their   Remote
clients like E-commerce and Automation Software

📁 Projects

Tribes, *Web3-Tribes allows you to join communities and find people with*   Mar 2022 – Mar 2022
common goals and interests ⧉
Web3-Tribes is a project utilizing the tribes module from Decentology's
hyperverse. The aim of this project is to allow users to join different web3
tribes (communities) and gain access to content only visible to those in
that specific tribe.

Web3 job board, *A decentralised Job board* ⬚   Jan 2022 – Jan 2022

Is to learn more about Solidity and how to connect smart contracts with Frontend like NextJS. And to understand how much we store in the blockchain if you visit this website please try to post a job and see how much we store in the blockchain. let's learn together.

Most job Board website charges 100$ to post a job, but this one cost you around 0.005 ETH which is DIRT CHEAP.

who is visiting this website and applying from this are real developers

web3-snanks, *Snake game game build on top of polygon* ⬚   Mar 2022 – 2022

This snake game has a 24-hour round, in which players compete to be in the top 3 slots. When a player loses a game, they would have an option to submit their score to the smart contract. Once the score is submitted, their scores are arranged from highest to lowest.

After the 24-hour round ends, whoever is in the top-3, would be able to mint an NFT.

If a player is not in the top-3 at the end of a 24-hour round, they would not have permission to mint an NFT.

But they could try their luck the next round.
